

Dear Sir or Madame,

I am writing in reference to MB Docket No. 04-233. We are regular Air1 listeners and enjoy uninterrupted listen everyday. Air1 is a great station that helps people as well as it gives postive values to those who listen to it. It is a station that gives the kids in our community a postive message and good music to listen to, which helps to keep them out of trouble.

We believe that it is in the best interest of the public to have Air1 on-uninterrupted-24/7 because it keeps us uplifted, with postive attitudes and gives our youth a postive music to listen to.

Sincerely,

Don & Pattie Baker
